until Thursday  
11 November*

Ritchie's Mill, Bridge Rd, Launceston (ABOVE STILLWATER) 6331 0777

To coincide with Stillwater's tenth anniversary...

# games with STILLwater

*During 2010, David Lake's work was selected to be a Finalist in the Glover Prize ([www.johnglover.com.au](http://www.johnglover.com.au)), was awarded the Judges' Commendation for the Tasmanian Art Awards and was published in Craft Arts International (edition 78).*

*The Longford-based artist enjoys richness in paintings. His work, often featuring structures, has a vibrant and emotional quality: 'beauty is found in the glimpse' and recorded with the nuances of changing light - Tasmania being an abundant source for inspiration.*

*The 'Games with Stillwater' series began with some sketches around the Ritchie's Mill precinct in November 2009, to be painted mostly through winter and early spring 2010.*

*Coincidence with the tenth anniversary of the much-enjoyed and internationally-reputed Stillwater restaurant made it highly appropriate to locate the exhibition at the Mill Providore Gallery, within Ritchie's Mill complex.*

*Exhibition open from  
Sunday 10 October 2.30 pm  
then every day until  
Thursday 11 November 2010*

Following Patterson Street  
it becomes Bridge Road;  
Look for the silos...

The Mill Providore Gallery  
is located on the top level  
of the Ritchie's Mill complex

Open hours: Monday to Saturday 9 am - 5 pm, Sunday 10 am - 4 pm

Ritchie's Mill, Bridge Rd, Launceston (ABOVE STILLWATER) 6331 0777
